## TRUST STOCK ACTIVE

EVERYTHING ELSE ON NEW YORK 'CHANGE WAS VERY DULL.

Bond Market Made Some Advances on the Week-Indianapolis Markets Unchanged Saturday.

Money on call at New York, Saturday, was easy at 1 per cent. all day.

Prime mercantile paper, 3@41/2 per cent. Sterling exchange steady, with actual business in bankers' bills at \$4.87\\@4.87\% for demand and \$4.86% for sixty days; posted rates, \$4.87@4.871/2 and \$4.88@4.881/2; commercial bills, \$4,85\\@4.85\. Silver certificates, 63%c bid. Bar silver,

6314c. Mexican dollars, 51c. At London bar silver closed at 29 9-16d. The New York weekly bank statement

shows the following changes: Reserve, increase.....\$1,396,375 Loans, decrease..... 109,000 Increase..... 675,800 Legal tenders, increase...... 1,050,000 Deposits, increase...... 1,317,700 Circulation, increase...... 411,700 The banks now hold \$60,847,325 in excess

of the requirements of the twenty-five-per-Total sales of stocks were 55,779 shares, including: American Sugar, 20,700; Burlington, 2,300; Chicago Gas, 9,200; Pacific Mail,

1,100; Rock Island, 3,900; St. Paul, 2,100.

It was a very dull and uninteresting two hours' business on the Stock Exchange Saturday, the only semblance of activity being in Sugar and Chicago Gas. Sugar was sold by brokers supposed to be working for an inside interst, and after a decline of 1/4. rose 1/2, only to be promptly forced down 11/2, to 831/4, with a final recovery of 1/4. Chicago Gas advanced 1/4, reacted 7/8 and rallied 1/4. The grangers moved within fractional limits and closed at Friday's closing figures, except Rock Island, which is 14 higher. The market closed heavy. On the week the market, with but few unimportant exceptions, shows a decline in values which is most marked in the industrial shares, but the grangers also participated in the downward movement to a consider-

able extent The bond market was firm for the active issues, but some of the inactive mortgages recorded a slight decline. Advances were made in Grand Rapids & Indiana of 4½. The result of the week's trading is the establishment of a lower level for the greater part of the list traded in, but in some half dozen instances material advances have been recorded, notably 6 per cent, in Peoria & Pekin, Union Pacific seconds and Minnesota & St. Louis seconds, and 3 in Minnesota & St. Louis firsts: Lower extension 21. St. Louis seconds, and 3 in Minnesota & St. Louis firsts; Iowa extension, 31/4; Chicago Gas firsts and Knoxville & Ohio firsts and Southern Ohio fours, 21/2. Among the declines are: Louisville & Nashville, 47/8. and Atchison fours, 2½ per cent.

WEEKLY REVIEW. Henry Clews, of New York, in his review of operations in Wall street, last

"The stock market as yet shows no signs of violent change either for better or worse, notwithstanding the 'professionals' are likely to remain is control in the absence of fresh features calculated to attract a substantial demand from the public. The industrial properties continue to absorb more than their share of attention, and still form the disturbing element in the market, inasmuch as they are de-stroyers of confidence and are causing other securities to suffer unnecessarily and without special reason. There are but few unfavorable situations, however, out of which do not come some good result, and this one is not likely to be an exception, as in the end it will tend toward a revulsion of feeling which will place the industrials in the background, and speculative favoritism will once more be with the good railroad stocks. The movement has been 'worked' for nearly all it is worth in connection with the former class of securities, and the tremendous losses which outsiders have suffered as a result of in-siders' manipulation are undoubtedly going to prove a lesson not easily forgotten, and one which will naturally turn the current of speculation away from manipulated stocks and towards securities the move-ments of which are governed by natural causes and not by the machinations of a few men. The situation of the railroads is encouraging as far as the outlook is concerned, and although their present condition is not all that could be desired or may be expected later on, it is at least a guarantee of better things to come, and earnings are good when the general condi-tion of business throughout the country is considered. It must be remembered that railroad returns now are being compared with those of a particularly prosperous period, when the bulk of the world's fair business was being done. When they are compared with the ordinary traffic returns the showing is not so poor after all, and with the habits of economy now being so well learned the prospects for a marked improvement in net receipts is good when the general business situation begins to mend with more rapidity, as soon it will. The 'granger' stocks have suffered for a long time on the prospect of small corn crop this year, but this idea has undoubtedly been carried too far, as present indications certainly point to the prospect of considerably larger yield than at first ex occed. The Washington agricultural report, issued on the 16th instant, shows that wheat and corn had increased over their estimate of last month, and information from private sources from almost every direction is to the effect that the crops this year are much underestimated by the government. All these form another reason why an improvement may be looked for later on. for when a stock or class of stocks is unduly depressed a reaction is natural when the cause for the depression is removed or discovered to be principally the result of error. It has always been a practical impossibility to induce the publie to buy stocks when they are away down, but after the range of prices has advanced to a considerable extent outsiders begin to buy. The thing to do is to purchase while it can be done at low prices and before a growing demand has advanced values. This ought to be a good time to buy properties which enjoy con-fidence, with the idea of putting them away and holding them for a few months at least, by which time the prices for all good securities will in all probability reach a much higher level. London, though for some time past having shown a much more marked degree of confidence in American railways, is at present doing a little liquidation as a result principally of the slight fear of political disturbances. Should this continue it may result in a moderate shipment of gold from this side unless there should spring up an increased demand abroad for our grain and cotton. The strength in the sterling exchange market

has naturally entered into the situation

to a certain extent as an unfavorable fac-

of money and low rates therefor it should cause no uneasiness. The bear, however, are disposed to make the most of it to depress prices; their raids will furnish excellent opportunities to pick up cheap stocks for quick and profitable turns and thereby be a blessing in disguise for those who avail of such opporcunities.'

Saturday's Bank Clearings. At Baltimore-Clearings, \$2,074,013; balances, \$300,864. A Philadelphia-Clearings, \$9,337,751; balances, \$1,595,580. At Cincinnati-Clearings, \$1,143,345.

At Chicago-Clearings, \$16,389,000; total for week, \$92,012,000; corresponding week last year, \$86,403,000. Money, 4241/2 per cent on call; 526 on time. New York exchange, 40c discount; foreign easier; sterling commercial, \$4.854/94.864. At New York-Clearings, \$77,963,787; balances, \$4,875,284. ### LOCAL GRAIN AND PRODUCE.

Trade of the Week Not Up to Expecta-

tions-Fluctuations Few. The trade of the week ending Oct. 13 did not reach expectations. The business of the first week of the month led to the belief that the volume this month was to reach old-time proportions, but the first half is away off. In fact, none of the wholesale houses, unless it be groceries and confectionery houses, did the business anticipated. With dry goods men there was fair trade, but by no means as large as in the two or three preceding weeks, and with this more complaint is heard of slow collections. On Commission row now is the time when the merchants expect to be exceedingly busy, but they complain of quiet trade. In prices there were but few fluctuations. Sugars and coffees, which have been unsettled, carried a steady tone through the week. Provisions, which went off 4c on Monday, have remained steady since. Eggs are 1/2c higher than at the beginning of the week, and poultry 1/20 lower. Irish polatoes are weak at a decline of 5c per bushel for the week. Quinces, grapes and apples are all in abundant supply and seiling low. Iron dealers and hardware men report trade satisfactory, but not up in volume to that of preceding years. The hide market is quiet, prices going off 1/2c all round during the past week. In the local grain market it was an off

week, attendance on 'Change small, bidding spiritless and an all round tame market. The week closed with corn a cent lower than on Monday and other cereals Wheat-No. 2 red, 48c, No. 3 red, 44c; wagon wheat, 48c.

## Chinamen Buying Guns.

A unique sight at the present time is the number of Chinamen who can be seen in the various gun stores purchasing firearms. In one store on Broadway could nave been seen the other day a dozen Mongolians, each carefully examining a rifle, and in their way expressing themselves as to the peculiar merits of the arm in question. As a rule they were solicitous as to the mechanism devoted to breech loading, but once in a while an enthusiast would raise the rifle to his shoulder, and in his imagination think of the result. Dealers say that considerable quantities of small arms, as well as rifles, have been bought ostensibly for the purpose of shipping to frienls in China. Generally the assemblage of these Chinamen attracts a crowd of Caucasians \$2.75@3; patent flour, \$3.25@3.75; low grades. on the sidewalk, who look with wondering or philosophical eyes according to the temperament of each individual, upon the curl-

## WHEAT ALONE HIGHER

STEADY TONE AT THE OPENING, BUT TRADING WAS NOT HEAVY.

Scarcely Any Activity in Chicago Markets, Corn, Oats and Provisions All Being Depressed.

CHICAGO, Oct. 13.-Wheat was very dull to-day, keeping within 1/2 range. Aided by better clearances and steady cables the market was steady, December closing %c higher, May corn closed \( \)c lower, May oats %c lower and provisions lower all round.

The wheat market opened with a slightly improved tone, but with very little increased activity. The clearances for the week were heavier than the daily clearances from the Atlantic ports had seemed to indicate. Another reason for returning confidence was found in the steady feeling reported from England and the continent, and the growing necessity which Eastern millers appear to be experiencing of coming to Western commercial wheat entrepots for red winter wheat. Some little strength imparted to the market by a private cablegram from Antwerp reporting an unfavorable outlook for the Argentine crop, was lost, owing to the apparent indifference to such news of the market from which it emanated.

Corn was easier, except for a few minutes in the early part of the session. Business was of moderate volume. The demand for lots for shipment was conspicuous by its absence and 190 carloads, estimated as Friday's receipts, were considered also a bearish item. In oats, Carrington-Hanna bought quite freely, but the general disposition was to

Provisions were weak because hog receipts were heavy and the expectation that next week's run would number 130,000. Closing prices were the lowest of the day and 20c lower than at the close yesterday. Lard is .121/2c and ribs .15c lower. Freights, 11/3c for wheat and 1c for corn and barley, to Buffalo.

Estimates for Monday-Wheat, 82 cars: corn, 190 cars; oats, 17½ cars; hogs, 31,000 head; hogs, next week, 130,000 head. Leading futures ranged as follows:

Elsewhere.

CHICAGO, Oct. 13.—The cattle market was inactive and unchanged at \$1@6.20 for inferior to extra natives, \$1.50@4.50 for Western and \$1.25@3.50 for Texans. No choice native steers in the market.

In hogs, compared with yesterday's opening prices, there was a decline of 15@20c, \$5.40 being a fair outside quotation at the close. The cause of the down turn was the expectation of increased receipts for next week. The amount of trading at better than \$5.35 was small. Heavy and medium weights sold mostly at \$5.35 and \$4.90.25.25 bought the bulk of the light.

There was a lifeless sheep market. Lambs were quoted at \$1.50.24.25. Several thousand are still in the pens, awaiting

Receipts-Cattle, 1,000; calves, 300; hogs, 16,000; sheep, 3,000. BUFFALO, Oct. 13. -Cattle-Receipts only load. The market ruled about steady. Hogs-On sale, 24 cars. The market was

slow. Medium, heavy and choice Yorkers, \$5.45@5.60; roughs, \$4.25@4.75; stags, \$3.75@ Sheep and Lambs-On sale, 17 loads. The market was steady to stronger. Will Be Needed After Nov. 6. New York Recorder.

They are building a spiritualistic temple in Washington. The presumable object is to allow Democratic statesmen to get into closer touch with Jefferson and Jackson. Let the good work go bravely on.

# THE INDIANAPOLIS

# Daily, Sunday and Weekly

The Journal is first of all a newspaper. Its primary object is to publish the news, and to procure this it spares no pains or expense. Besides the service of the Associated Press, which covers foreign countries as well as the entire United States, it has a corps of special correspondents, who give attention to those events and occurrences that are likely to be of particular interest to the Indiana public.

## Washington Bureau

Was established for the purpose of looking after matters in which the State and its people are concerned, and is under the management of a gentleman well acquainted with the local business and political issues.

It has a correspondent in every town of importance in the State, and is constantly increasing its facilities for obtaining information from every quarter.

Its staff of city reporters is large, and its local departments are unexcelled. As a newspaper it is far better equipped than any other in the State, and welcomes comparison with its contemporaries in any and all of its departments. With all, it endeavors to be accurate and trustworthy, printing the news, whatever it may be, without personal or partisan bias.

Is a paper that gives more attention to miscellaneous literature than the other editions, and contains in its sixteen, and often twenty, pages a variety of choice reading matter that satisfies the most exacting taste.

# The Indiana State Journal

(Weekly Edition) is a large 56-column paper, carefully edited, with a special view to the wants of Indiana readers, both in its general and political news. Its subscription price, \$1.00, with reduction to clubs, places it within the reach of all, and no campaign contribution can be so effective as when spent in furnishing this paper to readers who need Republican doc-
